(a) to (d) : Yes, Madam. The Central Plan Scheme on Blue Revolution: Integrated Development and Management of Fisheries approved by the Government in December, 2015 inter-alia provides financial assistance to the tune of 50% of the project cost to the Coastal States and 100% to Union Territories (UTs) for construction of new fishing harbours and fish landing centres including modernization of the existing ones. Many State Governments, namely, Maharashtra, Karnataka, Gujarat, Tamil Nadu, Andhra Pradesh and West Bengal at present have indicated their intention to have new fishing harbours constructed in their respective States. A statement indicating the State-wise details of the proposed fishing harbours is furnished at Annexure-I. Since each project has a specific time period and the proposed new fishing harbour projects are at various stages of formulation by the respective State Governments, the time by which these fishing harbours are likely to be set up cannot be assessed at this stage by the Government.
